KESTREL: Just Say Who's Missing

Shiva Shrestha

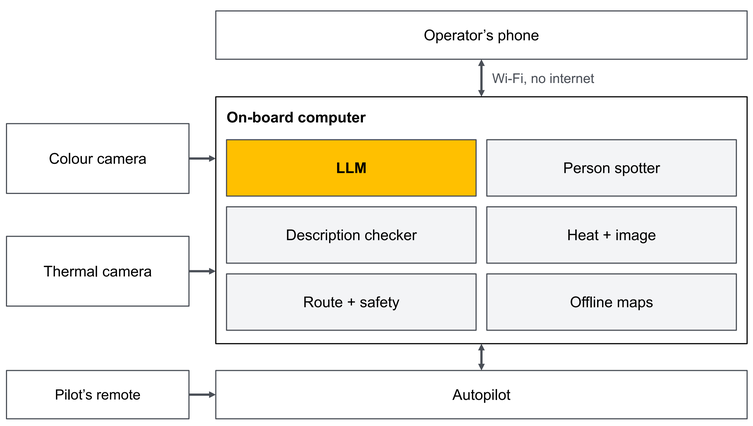

The problem

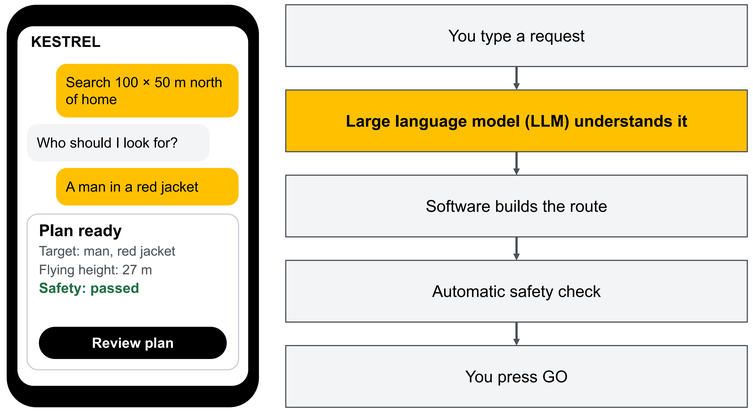

Two drones

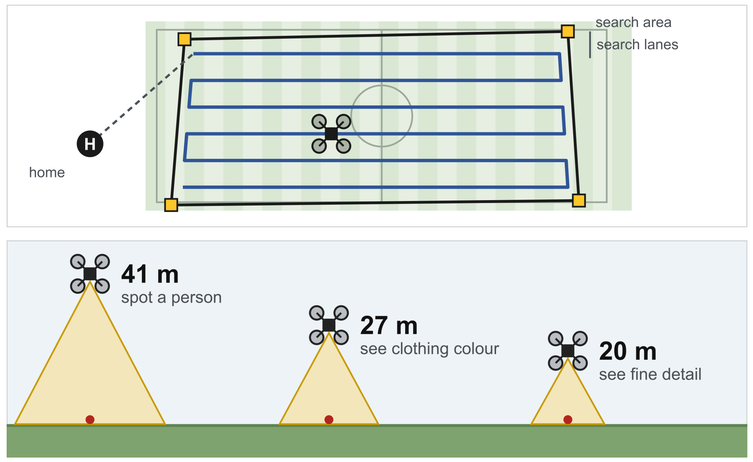

How it is built

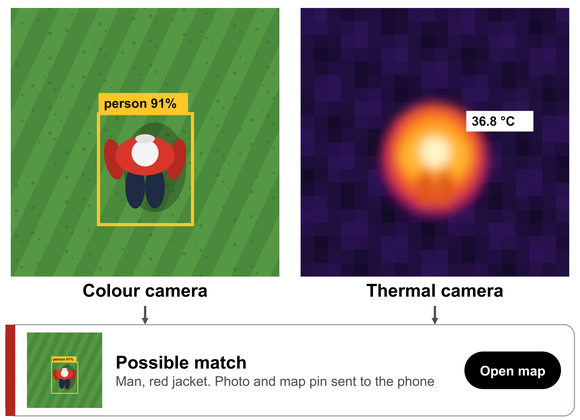

Planning a search by chat

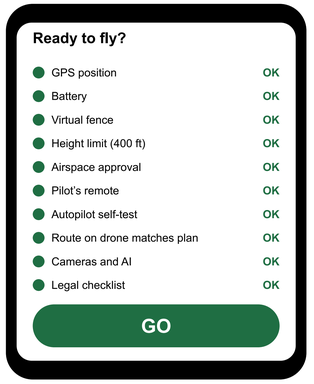

Covering the search area

Spotting the person

Pre-flight checks

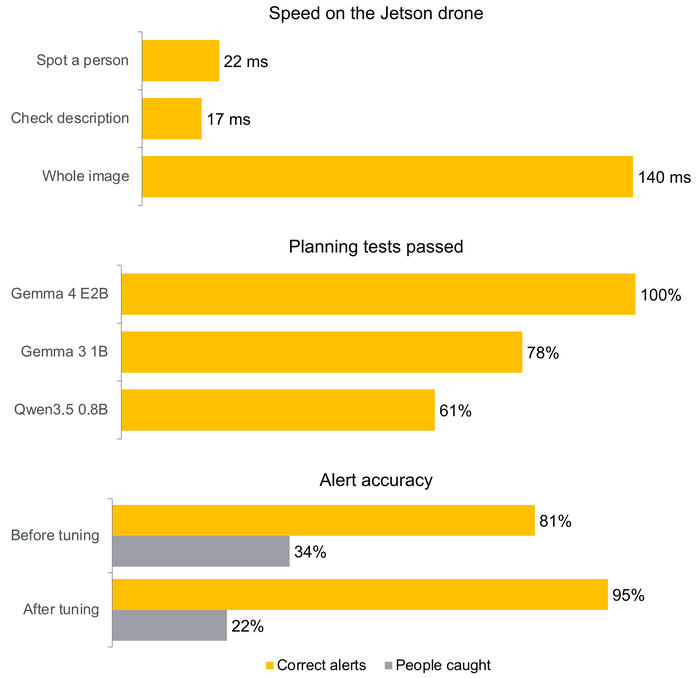

Checked twice
when the route is uploaded and again when you press GO.

Any failure blocks the launch
GO stays grey until everything passes.

No flying skills needed
KESTREL flies itself; an FAA Part 107 pilot stands by.
